# Key Takeaways

- Decrease in revenues/expenditures from 2025 to 2026 attributable to elimination of energy grants, ending of some pandemic funding and some one-time grants and some timing issues related to contributed services.
- Some decrease in staffing due to attrition through 2025 (about 10 positions). Work reallocated to fulfill grant requirements.
- Although we are projecting a decrease in revenues from 2025 to 2026, MARC's financial position is healthy.
